Firestopping Specialist was established by Jerry Dugan Sr. in 1999. Firestopping Specialist provides firestopping, fireproofing, and occasional waterproofing services in the West Texas area. Jerry Dugan Jr. has worked in the firestopping business for the past 11 years. He began working in the field part-time while in high school and in college. After attending college on a golf scholarship, Jerry decided he wanted to make Firestopping a full time career. Today he is the operations manager for Firestopping Specialist where he not only bids the jobs but also oversees the jobs in the field.

Firestopping Specialist joined the FCIA in 2010. Jerry currently serves on the Program committee and has done so for the past 2 years. Jerry desires to serve on the FCIA Board of Directors to not only become more involved, but to also learn more about the firestopping industry and to show support for his profession. In 2012, Jerry was the youngest to pass the FM 4991 Test and has been a DRI for Firestopping Specialist since he was 21 years old.

Jerry has been married for 4 years to Christina and they have one son, Jerry Dugan III, who is 2 years old. They are expecting a daughter, Journni May Dugan, due in December. Jerry enjoys gambling, hunting, snow skiing, attending concerts, traveling and going to see his favorite band, Journey. He plays the drums for his dad's band, Jerry Dugan and West-Wind. Jerry is also an avid golfer.
