

UPDATED JUNE 17, 2020

As the COVID-19 situation continues to develop on a daily basis, the list below has been updated with newly available resources and information. The updates are highlighted in yellow.

June 17, 2020

We hope you, your family and friends, and company are safe as the novel coronavirus (COVID-19) continues to affect the world.

The FCIA Board of Directors and Staff continue to meet and discuss the current COVID-19 status and scheduled FCIA events for 2020. We continue to watch developments closely in order to make the best decisions for the Association and our Membership.

[FCIA Webinars](#) are still taking place, with a 4-hour program that was delivered today. Don't miss next week's webinar, ['The FM 4991 Approval Process for Firestop Contractors'](#), and look for future extended programs on firestopping open to the membership.

For announcements about FCIA events, including the FCIA Firestop Industry Conference & Trade Show, watch [FCIA.org](#) for updates.

To date, there has been a lot of information circulated about the novel coronavirus COVID-19. The situation is evolving rapidly, with more information coming out hourly about cases, outcomes, government responses, and more.

Below is some consolidated information, a resource for you on COVID-19. It's your Association gathering information received and distributing it to the Members in the hopes of informing those who may not have access to the same information we receive. This is by no means meant to be comprehensive or authoritative.
